# Some homes deserve extra attention. Some people do, too.

## White-glove moves involve more than furniture.

They involve custom furniture. Multiple floors. Designer finishes. Tight building restrictions. Delicate items.

Our most experienced, highly trained crews handle these moves -- the teams who know when to move quickly and when to slow down. The ones who understand that service matters just as much as logistics.

We assign dedicated in-house crews -- never subcontractors, never brokers. The same professionals project manage your relocation from start to finish, delivering concierge-level attention and real accountability every step of the way.

## We specialize in:

Long-distance & interstate relocations

Luxury apartments & co-ops

Brownstones & townhomes

Suburban estates

# The moving company that acts like a hospitality company.

Most moving companies move boxes.

**We move lives** --with the mindset of a five-star hotel.

A dedication to delivering the best white-glove experience anywhere.

Roadway Moving was born and built in New York -- one of the most demanding moving markets in the country. From luxury apartments and townhomes to large homes and full estates, we operate with one standard: to be the world's best moving company.

We're obsessive about:

1. How your belongings are treated
2. How your floors are protected
3. How your timeline is respected\*
4. How you feel at the end of moving day
5. Moving is a logistical event. It's also a personal one.

\*Our GPS-monitored fleet supports industry-leading on-time performance.

“

Roadway's White-Glove service felt less like a moving company and more like a concierge service.

# From Pelotons to pianos & everything in between.

Moving a Peloton can be a real workout. And moving a piano takes almost as much practice as playing one.

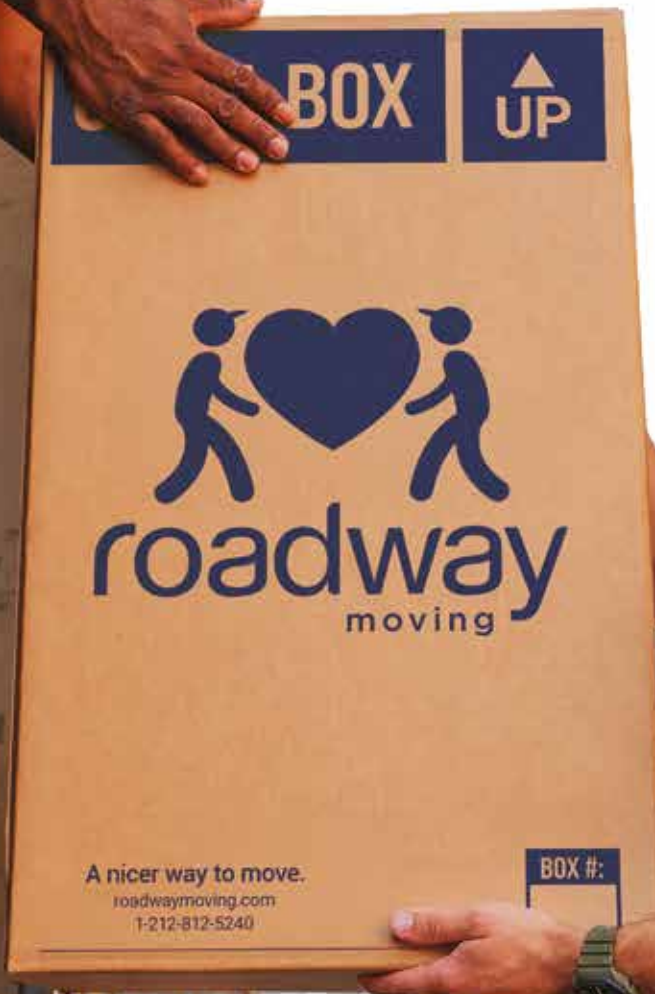

Roadway handles the pieces that require advanced planning, extra protection, and real expertise.

We prepare for them in advance. We protect them properly. And we move them with precision.

## Specialty & High-Value Handling Includes:

- Grand and upright pianos
- Pelotons, fitness equipment, and home gyms
- Fine art and framed collections
- Oversized mirrors and custom glass
- Antiques and heirloom furniture
- Designer lighting and chandeliers
- Sculptures and specialty installations
- Wine collections and delicate décor
- Vehicle shipping services for high-value automobiles

Every specialty item is assessed ahead of time, wrapped with professional-grade materials, and secured using proven techniques designed to prevent shifting, scratching, or stress damage.

## Packing. Unpacking. Storing. Settling in.

Some clients want to pack themselves. Most would rather not. Good news...we love to pack!

Our full-service packing teams handle everything using professional-grade materials and systematic labeling designed to keep your move organized from start to finish. Closets, kitchens, artwork, fragile pieces -- wrapped properly, inventoried carefully, and placed exactly where they belong. So you can get where you belong in your new space. Like on the couch, relaxing. And when you need flexibility -- whether due to renovations, timing, downsizing, or space constraints -- we manage the in-between with secure storage.

### Storage & Packing Solutions Include:

1. Full-service packing and unpacking
2. Professional-grade materials and labeling systems
3. Secure short- and long-term storage options
4. Barcode inventory tracking
5. Structured chain-of-custody procedures

“

Whether your move happens all at once or in stages, your belongings remain protected, organized, and accounted for.
